Details

Description

Regulating shower with four spray patterns for watering small surfaces and gardens. Whether for watering crop, ornamental or potted plants or for cleaning garden machines and furniture – the ergonomic handle allows convenient one hand operation and guarantees that longer periods of use are a breeze. The innovative garden spray gun also features other impressive advantages, such as the three-level water volume adjustment. In addition to being extremely user-friendly and perfectly functional, the gun also impresses with its attractive design. In short: the perfect solution for spraying in the garden. It is worth mentioning at this point that sprays from Kärcher are compatible with all available click systems.
